# New Cloud Solution Captures Attendance and Location Data

## What is EveryOneCloud?

- A solution for capturing attendance & location data
- A new cloud based system ready to go in minutes
- A cloud solution with no need for servers or software installation
- Software as a service with no fixed monthly fee or capital outlay

## How can it be used?

- Keep your employees safe by tracking their location in real time
- Record their attendance
- Automatically create time-sheets
- Integrate with your Workforce Management Software
- Provide real-time roll-call in case of emergency
- Set alerts/triggers based on clockings, time or location
- Remotely enrol staff on biometric readers

## **Staff**

- See their location
- Check what times they were present and for how long

## **Export data to:**

- Time & Attendance Systems
- Payroll Systems
- Student Attendance Systems
- Workforce Management Systems

## **Collect data from:**

- Biometric devices: fingerprint, face & hand scanners
- ID card readers: RFID/Mifare/HID/EM
- Mobile app clocking
- PCs, laptops & tablets

Start clocking from **50p** per employee per month.

Be up and running within **15 minutes** using our **3 simple steps**.

# Step 1

Select your preferred clocking device.

Mobile App

Hand Scanner

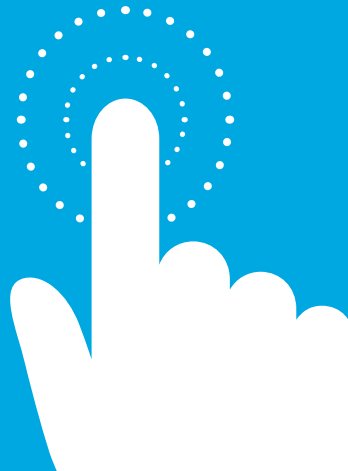

Biotime Tracker

CloudReader

OnTime

Time Tracker

## Step 2 Choose the features your company needs.
